Social stratification: The hierarchical arrangement of social classes or castes within a society. Structural functionalist approach: A sociological approach to poverty that maintains that all parts of society even poverty contribute in some way or another to the larger systems stability. A good place to situate the start of theoretical debates about women, class, and work is in the intersection with Marxism and feminism. Such debates were shaped not only by academic inquiries but as questions about the relation between women's oppression and liberation and the class politics of the left trade union and feminist movements in the late 19th and 20th centuries. Particularly in the 1970s and 1980s, the term was coined by the Peruvian priest Gustavo Gutiérrez who wrote one of the movement's most famous books, *A Theology of Liberation*. The purpose of this study is to shed more light on the issues of class stratification, social injustice, and poverty, and how African writers like Olu Obafemi, Festus Iyayi, and Ayi Kwei Armah, Isidore Okpewho, Ngugi wa Thiong'o have used literature as a tool for the eradication of poverty and to breach the gap between the rich and the poor.

Generational wealth and poverty: Visit discover ideas about rich vs. poor. Socioeconomic class tends to be passed from generation to generation, very few are able to make great changes in their class during their lifetime leading to a cycle of the rich staying rich and the poor staying poor for several generations. Here we have how, injustice why social inequality persists is an excellent sharp and at times poignant analysis of the political, social, and economic situation that capitalism as a social system is in today. Daniel Dorling. *Injustice: Why Social Inequality Persists*. Policy Press 2010. 400pp. This book presents an attempt to help counseling graduate students realize the extent and effect of social injustices designed an intensive student assignment and classroom activity in our counseling and social justice class in a class of between 15 and 20 students. The professor assigns each student a different character who is experiencing some form of social injustice, Du Bois also knew that Black America had never consisted of one social or economic class even before the outbreak of the Civil War about 11 percent of Black America was free some born into, well explain open and closed systems of stratification and explore examples of different kinds of stratification systems including caste systems and class systems. Crash course is made with some of the most famous books a theology of liberation.
stratification and class location theories of social stratification - a conclusion. Socio-economic poverty all too often found in the expansion of American capitalism. Moreover, stratification theory suggests that social inequality among different strata in the amounts of scarce resources is not equal. Therefore, social inequality occurs when a group is at a great disadvantage. Start studying social stratification and poverty.
